**Subject:** Attached letter re the Bristol Bay Assessment  
**Attachments:** 4041\_001.pdf; rschwartz@crowell.com

Dear Mr. Perciasepe and Mr. McLerran:

Attached is a supplemental letter from John Shively, Chief Executive Officer of the Pebble Limited Partnership, concerning the Second External Review Draft of "An Assessment of Potential Mining Impacts on Salmon Ecosystems of Bristol Bay, Alaska" (April 2013). A hard copy of this supplemental letter will follow.

Mr. Shively is supplementing the letter I emailed to you on May 23. In that letter he discussed, among other things, six reports that were peer reviewed for use in the Bristol Bay assessment. After that letter was sent, he discovered that a seventh report had been peer reviewed for use in that assessment. The attached letter comments on that seventh report.

Thank you for your attention to this matter.
